The Aztecs were the first civilization to make it
mandatory for children to attend school
When the spanish invaded they burned 99% of the
Aztecs books
Today only 55% of Latino students in the US graduate
from High School
That means that for every 2 Latino Students
Only 1 will graduate

Durante la segunda guerra mundial
los medios de comunicacion en Los Angeles crearon la
imagen
de los Mexicanos como criminales y gente violenta
Hoy en dia estamos condicionados a creer que si lo
somos
No formes parte de las estadisticas
Superate
Has algo con tu vida

Most gangsters are products of poverty and neglect
Most gangsters live for the streets
but move into jail
Most gangsters die within 30 miles of their
neighborhood
Maybe if they would go out and see the world
They would realize that there is more to live for

Existen aproximadamente 35,000 de Latinos en los
Estados Unidos
3,000 Puerto Ricenses
2,000 Cubanos
10,000 de Centro y Sur Americanos
y 20,000 de Mexicanos
Esta pronosticado que para el año 2050 seremos la
mayoria

Que Viva La Raza!!!!
