(lyrics by Harry Conklin)

If you wanna find some action then this is the place to
be

If you want hell you've got it, just ask and you shall
receive

Move aside and let me by, I'm a man who knows what
he wants

Ain't nothing gonna get in my way, it's time you paid
the cost

Gonna break ya, shake ya, slide you on your back
Use all my metal power to give you a heart attack
Look into my eyes and you will see yourself inside
I've got something for you and it's just too good to hide

Got malice on my mind tonight, pulsing power in my
veins

Heavy metal mayhem soaking in my brains

Feel the sound around you start to melt your metal
heads

Talking no mercy, baby, we're gonna leave ya dead
