*[Talking:]*

Can I ask you something  
Huh, huh  
JE boys  
Can you hear it

*[Verse 1:]*

Why can't I have a good girl (freak)  
And I wanna give her the finer things, not just designer  
things  
Love  
What I'm talking about,  
Nothing wrong with that whining  
That I'm talking about quality type  
If you wise, if you wise  
If you was a doctor you could pull out your tool and  
listen to my heart  
Oh  
Hear what its sayin  
No delayin  
I'm prayin  
My heart is sayin, sayin  
Boom, boom...

*[Chorus:]*

Time that I'm with you I hear my body crying out (crying  
out...)  
Say you hear it to, don't judge me I'm just cryin out  
(crying out...)  
Lookin for a good girl  
Listen to my heart and hear the way it moans  
Oh, oh, oh...  
Listen how it moans  
Oh, oh, oh...  
Do you hear the way it moans

*[Verse 2:]*

With a love in my near future  
Ain't talking about the kind you give all you got but in  
the end you still lose her (lose her)  
I'm talking bout the kind who truly understands and she  
knows how to treat a man

Yes, she do  
Yes, she do  
Talking bout the kind that stays down with you to the  
point her friends think she is stupid

That is what my heart needs  
That's what my heart needs

*[Chorus:]*

Time that I'm with you I hear my body crying out (crying  
out...)  
Say you hear it to, don't judge me I'm just cryin out  
(crying out...)  
Lookin for a good girl (can you hear it to)  
Listen to my heart and hear the way it moans (oh, oh,  
oh)  
Oh, oh, oh... (hear me moan)  
Listen how it moans  
Oh, oh, oh... (yeah, yeah)  
Do you hear the way it moans (just hear my cryin out)  
My hearts cryin out  
Oh, oh, oh  
My hearts cryin out

Oh, oh,  
My heart is crying out  
Now, now

*[Chorus:]*

Time that I'm with you I hear my body crying out (crying  
out...)  
Say you hear it to, don't judge me I'm just cryin out  
(crying out...)  
Boy I got you  
Lookin for a good girl  
Listen to my heart and hear the way it moans  
Oh, oh, oh... (and you know I'm hurtin)  
Listen how it moans  
Oh, oh, oh... (baby you should know I'm cryin out for  
you)  
Do you hear the way it moans (you should know I'm  
hurting)
