Tonight I sleep next to an angel,
Yeah she is that to me!
So Heavenly the most amazing creature that I ever
seen!
And she's loving me from every angle,
And she don't never misses a spot!
She flows through my body like water,
She needs me I support her
Baby she's in my veins!

Chorus:
Her love, it flows through my veins,
It's like living and breathing, not dying, not sleeping,
It's all that I need!
It's the reason I'm breathin'
My heart ain't misleading,
It's all that I need!
Her love, it flows through my veins!

I live just to keep you from danger,
Girl, is my job just to protect you,
From a...
Your heart is popping, mine too,
I feel so connected to you, baby you're all I,
Baby you're all I dream!
You're all I need,

...
She's close to my body like water,
She's needs me, I'm water,
Her love is, her love to me,
Bring me right down to my knees!

Chorus:
Her love, it flows through my veins,
It's like living and breathing, not dying, not sleeping,
It's all that I need!
It's the reason I'm breathin'
My heart ain't misleading,
It's all that I need!
Her love, it flows through my veins!

Girl you and me is sun and the moon,
Out of this world, ain't nothing I wouldn't do, do, do!
You, you, you, without you I'm sickly, I'm running our
fears,

It's love through our veins, flow through my veins!
Loving me, touching me, always so real to me,
Flow through my veins! Flow through my veins!
I mad need you like, I need you right here,

Chorus:

Her love, it flows through my veins,
It's like living and breathing, not dying, not sleeping,
It's all that I need!
It's the reason I'm breathin'
My heart ain't misleading,
It's all that I need!
Her love, it flows through my veins
