I ain't no hater or nothing
But he can't love you like I can
Trust me

As the clock strikes twelve
I'm sitting here wondering how the hell
Did I let you leave
And baby I know that I did my share
Of things to deceive you
I'm just trying to get an understanding
Of what to do
'Cause I'm halfway going crazy
Girl they can't fade me

He can't love you like I love you
Baby you know it too
And you should never wanna be with a man
If he can't be a man
And do the things to you like I can

He can't love you like I love you
Baby you know it too
And you should never wanna be with a man
If he can't be a man
And do the things to you like I can

I stop, and I wait, and I think
That I never met someone to make me feel
Like I'm ready to love
So I gotta do what I gotta do
Just to keep you, keep you here with me baby
Now I feel it's time for me to say
That I need you boo
And I can go a day with out your lovin'
Baby I can live without you

I know, that you know
No matter where you want it baby
Ain't no it's, whats or buts or maybes
And I know that one day you'll see
He can never love you like I love you

He can't love you like I love you
Baby you know it too
And you should never wanna be with a man
If he can't be a man
And do the things to you like I can

He can't love you like I love you
Baby you know it too
And you should never wanna be with a man
If he can't be a man
And do the things to you like I can

He can't love you
He can't, he can't love you girl
He's never gonna love you girl like I love you girl
He can't, he can't love you girl
He's never gonna love you girl like I love you girl
He can't, he can't love you girl
He's never gonna love you girl like I love you girl
He can't, he can't love you girl

He can't love you like I love you
Baby you know it too
And you should never wanna be with a man
If he can't be a man
And do the things to you like I can

I'm telling you he can't love you like I love you
Baby you know it too
And you should never wanna be with a man
If he can't be a man
And do the things to you like I can
