Sun raise
Everyday
Even cold days
Thankful every night just to see days
My son, my job keeps me busy
But I'm happy when I get to see family

One thing I'm missin'
Reminiscing
Yes, I miss you
But I'm only wishin' happiness and good things for you

[Chorus]
Said I hope you're happy with everything that you've
got
And I hope you're happy, just let me know if you're not
(You can be with me right now)
Hope you're happy in your world
(You can be with me right now)
Hope you're happy in your world
'Cause you can be with me right now

Long days
Cold nights
Since you're gone
Same tired old song on the radio
Every minute seems to go by so slow
How can I live my life without you, girl?
I love everything about you, girl
And I know that I'm such a fool, girl
And I hope you find someone to make you
Happy [Yeaahh yeah yeahh...]

[Chorus]
Said I hope you're happy with everything that you've
got
And I hope you're happy, just let me know if you're not
(You can be with me right now)
Hope you're happy in your world
(You can be with me right now)
Hope you're happy in your world

'Cause you can be with me right now

See, every woman deserves to be happy
But you're probably with a jerk most likely
So fellas, when she leave, do like me
And hope she's happy
[x2]

I just want you to be happy

[Chorus x2]
