[Chorus:]

I'll be damned, if I just let this fade out (Fade out)
I'll be damned, if I just up and walk out (Walk out)
Damned, if I never feel your skin again
I'm standing here, heart beatin'
Girl, I'm down here pleadin'
Damned, if this don't leave me so sad
Girl, without you, my heart hurts so bad
Damned, if I just let this, fade out
I can't believe it
Damned, if I just let this be

[Verse 1:]

Never been a quitter
Momma raised no punk
If this was too far gone
I would just give up
It seem like every team I know
They have a string of bad luck
That's when you get down in the trenches
Start protecting all our interests, yeah
Think about all that time girl
You and me on that grind girl
Can't keep your body off my mind
I know that it means
Can't, can't, can't, can't let you go
No, don't wanna, wanna let you go
Cause I'll be crazy to let you go
Crazy to let you go

[Chorus:]

Damned, if I just let this fade out (Fade out)
Damned, if I just up and walk out (And I'll be damned if
I, if I)
Damned, if I never feel your skin again
I'm standing here, heart beatin' (Oh)
Girl, I'm down here pleadin'
Damned, if this don't leave me so sad
Girl, without you my heart hurts so bad
Damned, if I just let this fade out
I can't believe it
Damned, if I just let this be

[Verse 2:]

Now don't listen to what they sayin'
They tryna set us up (Set us up)
And all your lil' friends be hatin'
They tryna break us up (Break us)
Because your friends
They hate to see you cryin' all night
Hate to see tears in your eyes
Hate to see your heart just stop
Think about all that time girl (Think about it)
You and me on that grind girl
Can't get your body off my mind (we're closest to, it's
too, my mind, oh)
Can't, can't, can't, can't let you go
No, don't wanna, wanna let you go (You go baby)
Crazy to let you go
Crazy to let you go

[Chorus:]

Damned, if I just let this fade out (Let this fade out)
Damned, if I just up and walk out (I won't let you walk
out)
Damned, if I never feel your skin again (Baby I)
I'm standing here, heart beatin' (Oh)
Girl, I'm down here pleadin' (Girl, I'm pleadin')
Damned, if this don't leave me so sad (Girl, I'm so sad)
Girl, without you my heart hurts so bad (Girl I know that
I'm nothing without you)
Damned, if I just let this fade out (Oh I)
I can't believe it
Damned, if I, I just let this be

[Outro:]

I'll be damned...
If I sit here and let you cry
I'll be damned, if I don't need you every night
If I don't need you...
I'll be damned, if I don't give you what you need
Now that I know, exactly what you need
I'll be damned, if I sit here and let you cry
I'll be damned, if I don't need you every night
I'll be damned, if I don't, give you what you need
I'll be damned, now that I know, I'll be exactly what you
need
