I can't get enough, sometimes it's way too much
I can't get enough, sometimes it's way too much

Gotta job, I got dough, what I need wit a hoe?
I wanna girlfriend, a real woman who knows how to
please me
She makes it so easy
At the end of the day we all wanna get a little freaky

I got dinner on the table, we gon' have to warm it up
'Cause when you get here
I'mma give you all the love that I have in me
Baby all I need is your attention please

Feel a rush when you sleep 'cause I can't get enough
Of your trust in me, sometimes it's way too much
Your body so right, I know I'd be wrong
If I didn't wanna do you like all night long

It's your touch and your kiss, something I don't wanna
miss
It's your skin, it's your lips, it feels like such a gift
If it's up to me we'd be here the whole night through
'Til the morning

In the morning, when we wake up
You'll be lookin' at me so peacefully, like this is where I
need to be
In the morning when we wake up, we'll be together,
together
You know there's nothing better

In the morning when we wake up
You'll be lookin' at me so peacefully, got your day
started so crazy
Baby, you know there ain't nothin' like just bein' with
you
In the morning

I love how you look even when you get up
You're so lovely with them rollers and no make-up
And I can't believe at the end of the day

I still gotta say that you're my special lady

Then the morning's kinda tough with coffee in my cup
The way that you be loving me, it's hard to just get up
I can't start my day alone, there is nothing like just
being with you
In the morning

Feel a rush when you sleep, 'cause I can't get enough
Of your trust in me, sometimes it's way too much
I know I'd be wrong if I didn't take care of you
I know I'd be wrong if I didn't want to marry you

It's your touch and your kiss, something I don't wanna
miss
It's your skin, it's your lips, it feels like such a gift
Day or night baby, I'll be yours
But in the morning

In the morning, when we wake up
You'll be lookin' at me so peacefully, like this is where I
need to be
In the morning when we wake up, we'll be together,
together
You know there's nothing better

In the morning when we wake up
You'll be lookin' at me so peacefully, got your day
started so crazy
Baby, you know there ain't nothin' like just bein' with
you
In the morning

I can't make a day at my job long
Without trying to run home
Phone it gets gets me all the way through the day
But it gets me half way

I can't worry 'bout where my boys be going
I'mma be right at home
And I wouldn't miss it for nothin'
Just for that morning time, morning time

You're so lovely, you're so beautiful
In the morning

In the morning, when we wake up
You'll be lookin' at me so peacefully, like this is where I
need to be
In the morning when we wake up, we'll be together,
together

You know there's nothing better

In the morning when we wake up
You'll be lookin' at me so peacefully, got your day
started so crazy
Baby, you know there ain't nothin' like just bein' with
you
In the morning

I can't get get enough, sometimes it's way to much
Sometimes it's way too much, I can't get enough
