[Piano plays]

La, la, la...

Oh, oh

Yeah

Ghetto's what you are

You're my star

You're my superstar

Yes you are

Without you near I can't go

I can't go far

You're my superstar (superstar)

Yes you are

You're the one I need

Yes you are

Let me lay you back (don't you change a thing)

Check out this good talk (whoa, whoa)

Can't fool myself

It's you in my heart (you're my superstar)

You're my superstar

Girl, you're beautiful as you are

Baby you're, you're, you're like a rib from my body

Yeah

Baby you got a wonderful body

Yeah

Ain't gonna read about nobody

All she needs is my body

To keep all the good ghetto love in her body

Yeah

Say yeah

Whoa

Ghetto yes you are

You're my star

Whoa, whoa, whoa

All I can say is

Whoa, whoa, whoa...

Ghetto whoa, whoa, whoa...
