[jd]

Girl listen

When i be sittin' at home all by myself now

I be sayin' damn i had a good girl

You know?

You don't even realize how hard it is

To find somebody like you till they gone

You know what i mean?

If you'll let me just, come back in your life

I-i'll never do it again, i promise

[je]

Down at the studio trying to make tracks

Girl at home all over my back

Everytime i say that's what i'm doing

She just thinks it's an excuse

Cause i'm out try-na get some new snatch

Now i realize that i don't work too hard

To keep in here in my life, i've done came to far

For me to turn around girl

Ain't none of that shit going down girl

So believe me when i say

1 - girl you know you're the only one in my life

I know i've been wrong

But i'm try-na live right

I'll leave my life if it makes it right

I promise, girl i promise, promise

2 - i promise

I'mma stay out of these streets

I promise

You'll never be hurt by me

I promise

To be the n-i-g

Cause all along you can get at me

I promise

That wasn't even my head

I promise

You ain't gotta worry about me

No more, no more

Girl just believe, i promise

[jd]

I promise baby, i'mma be the best man
I don't even know how to be
I promise no more monday nights at the gentleman's
club
It's all about you

[je]

Believe i really meant it when i said i left it back
See me in the streets and i'm not about that
Said that i'mma be there and i know maybe you can
see
That i'mma be there
Whenever just cause you're my lady
I'mma show you just what you deserve
Tell you, you ain't waitin' no more for your turn
You say you want a rider
And i can be that and so much more like your provider
And i want you to know i love you

Repeat 1

Repeat 2

[loon of harlem world]

Uh check it out, girl i promise you love
Promise i never would leave you
I promise long as you love me i could never deceive
you
I promise you dis, promise you dat
Whatever you want
As long as i got it, ain't no problem with that
You my ebony queen, everything
Playa ever could dream
Give you the world and everything in between
Now you wanted honesty, manogamy
The way that you honor me
Ain't no other way it gotta be
I couldn't see you with another man rolling in sand
Strolling through the park, in the dark holding his hand
Me and you versus the world is only the plan
I know it get rough, but i'm doing all that i can
Now to the world i'm just loon from harlem
If i had a choice girl i'd rather lose then start 'em
Than to ever lose you, i promise i'll never use you
This not a game girl, i promise

Repeat 2 (3x)

[jd]

Come on, come on, come on
Rock with me, uh we love y'all
Yeah, uh-huh
This for the ladies, know what i mean?
