Jagged Edge
"Rest Of Our Lives"

Girl I wanna be your all, baby please stay together
You know we won't need a thing
Girl I wanna take you home and make you my wife
I said, "Please be with me for the rest of our lives
For the rest of our lives"

I'm talking about me and you, some old school lovin'
That's the way it should be not tryin' to get freaky
I want to share my life with you
'Cause I want some kids and a house girl, a life with you

I want a fairy tale love
The kind of thing that you read in a magazine
A perfect love's what I need
'Cause I just want to be your one and only

Girl I wanna be your all, baby please stay together
You know we won't need a thing
Girl I wanna take you home and make you my wife
I said, "Please be with me for the rest of our lives
For the rest of our lives"

Girl you are everything in this whole world to me
And I wouldn't trade your love for nothin'
Nothin' compares to you, where I go
I need you right here with me, with me, with me

Don't matter where just as long as you're near
God sent your love to me
And I know that you, will fulfill my every need
You're the only one for me, I just want to be your one
and only

Girl I wanna be your all, baby please stay together
You know we won't need a thing
Girl I wanna take you home and make you my wife
I said, "Please be with me for the rest of our lives
For the rest of our lives"

For the rest of our lives, for the rest of our lives
(For the rest of my, for the rest of my baby)

Hold me, hold me
For the rest of my lives
Just try me and see, everything

Just hold me, don't you know me?
Try me and see and I'll be everything
Just hold me, don't you know me?
Try me and see and I'll be everything
Just hold me, don't you know me?
Try me and see and I'll be everything
