*[Rap:]*

Yo  
I dabble and dabble with bras from the A to LA  
And regardless where they stay they all respect what I  
say  
I got one in Houston, Texas  
Pretty little thing -- (?)  
Plus that -- she on parole but hit the road anyway  
I got one in Mississippi I just call her - lil gritty  
And a black skin to get the cream (?)  
Can you believe she wit it  
I got one in Memphis, Ten  
Like to put me on the through  
Take a blank with the Hen and let the freak feast begin  
I got a Yankee --  
Fat enough to break Hover  
Make J-Lo look like she need a makeover  
Plus she got LeBron James on the Range Rover  
Black mixed with Puerto Rican so you know the games  
over

*[Chorus:]*

Sexy American girls  
Gotta love it  
So many flavors  
You can't find one, you buggin  
Look around  
Pull your game out  
Find the right one and set it out  
Sexy American girls  
Gotta love it  
So many flavors  
You can't find one, you buggin  
Got you now  
Tell your boy how  
Get you to the room  
Show you bout the A-Town
