Yeah, back again, y'all know who it is, JE, y'all c'mon
Damn girl, doin' it like dat tonight?
I'ma just sit right here, I ain't goin' nowhere

I can just watch you
(Girl from the shower to the bed)
(I can't help but stare)
Watch you
(You don't need that towel)
(You can stand right there)

All day I could watch you
(I could record you, rewind you)
(And girl I'd still wanna watch you)
I'd never get tired of watching you

And I ain't never had nobody
Nobody who was so endowed
Tell the truth it's kinda crazy
The way that you walk around

In your jeans or in ya undies
Or you can wear just nothing at all
You're the only thing for me
And I can't even find one flaw, yeah

I can just watch you
(Girl from the shower to the bed)
(I can't help but stare)
Watch you
(You don't need that towel)
(You can stand right there)

All day I could watch you
(I could record you, rewind you)
(And girl I'd still wanna watch you)
I'd never get tired of watching you

Sometimes I feel like such a loser
Yeah, I just can't stop now
Maybe I need another hobby, probably
But watchin' you is playin' now

Baby for real it's like a play scene
And I got tickets to a front row seat
Surround sound and inspector vision
And baby I'm trippin' 'cause I don't wanna stop now, no,
no

I can just watch you
(Girl from the shower to the bed)
(I can't help but stare)
Watch you
(You don't need that towel)
(You can stand right there)

All day I could watch you
(I could record you, rewind you)
(And girl I'd still wanna watch you)
I'd never get tired of watching you

Ridin' dirty in the Benz, me and Quick
Bought 'em off the goose and the hen
(In the hen, yeah)
Uh, it's kinda crazy mixin' them
Bumper keep drinkin' keep the green in the wind
(In the wind)

Club over but we big on the strip
Stepped up kinda hard front of all of her friends
(All of her friends, yeah)
Uh, baby I ain't tryna box you in
Like them men do I just wanna watch you

I can just watch you
(Girl from the shower to the bed)
(I can't help but stare)
Watch you
(You don't need that towel)
(You can stand right there)

All day I could watch you
(I could record you, rewind you)
(And girl I'd still wanna watch you)
I'd never get tired of watching you

I see you every time I close my eyes
You be all up in my head
I feel you and every chance to watch you move
It's like right back to that bed girl

Need you, to sign me up
For the watchers anonymous

(Just sign me up)
Ain't stoppin' this
(Ain't stoppin' this)
Baby all I wanna do is just, just watch you

I can just watch you
(Girl from the shower to the bed)
(I can't help but stare)
Watch you
(You don't need that towel)
(You can stand right there)

All day I could watch you
(I could record you, rewind you)
(And girl I'd still wanna watch you)
I'd never get tired of watching you
