I heard it from your lips  
Or I wouldn't even trip  
Remember what you said  
That he ain't what you wanted for yourself

Not no more but when you in the mix  
And he just starts to flip  
He be out the door and you be on his tail  
If you want that bad then girl, it's cool

Just don't try to make me, be the fool  
You don't owe me nothin'  
Girl just go on and do what you do what you do

Who u wit girl? Who u wit?  
What's up, baby girl, who u wit?  
I can't get down with this  
Tell me is it me or him?  
He don't flow like I flow  
You should already know

Who u wit girl? Who u wit  
What's up, baby girl, who u wit?  
I can't get down with this  
Tell me is it me or him?  
He don't flow like I flow  
You should already know

It's ridiculous, we're still involved in this  
When we first met, you said  
You wasn't plannin' on stickin' around  
That was then, is that ain't what you meant?

You seemed intelligent  
So I'm knowin' that you know this shit is foul  
Act like its nothing, play it cool  
But it's tearing me apart 'cuz I want you  
You can make it better, if you let me know

Who u wit girl? Who u wit?  
What's up, baby girl, who u wit?  
I can't get down with this

Tell me is it me or him?  
He don't flow like I flow  
You should already know

Who u wit girl? Who u wit  
What's up, baby girl, who u wit?  
I can't get down with this  
Tell me is it me or him?  
He don't flow like I flow  
You should already know

What's up, what's up?  
What it is, baby girl, what's up?  
Let your boy get a little heads up  
He don't flow like I flow  
You should already know

What's up what's up?  
Baby girl, what it is, what's up?  
Let your boy get a little heads up  
He don't flow like I flow  
You should already know

Who u wit girl? Who u wit?  
What's up, baby girl, who u wit?  
I can't get down with this  
Tell me is it me or him?  
He don't flow like I flow  
You should already know

Who u wit girl? Who u wit  
What's up, baby girl, who u wit?  
I can't get down with this  
Tell me is it me or him?  
He don't flow like I flow  
You should already know
