Why I got to be that be the bigger woman, when these
bitches know they got that shit coming
Fuck what's wrong and what's right, Im fucking up this
bitch tonight

You got to think about what people will say, you know
he's gone fuck with that bitch anyway
You don't want to be seen as some crazy chick, so I
think you should hold back
Naw baby Im a roll with this now

Every time that Im start thinking rationally and the
mother fuckers always beating me to the damn finish
line
But Im gonna finish first this time
And all I want is just to get in his shit, of my chest so I
can stop stressing it
Just move on with my life, and maybe get this
relationship shit right
Someone new you think you gon do, if you see her that
chick is through
Aint got no time to be running, ah ha, all in the streets
just wilden out
Girl keep your cool, I can't go that route, shit you got
kids, they at my moms house
What about your job, it'll be here when I get back, after
I slap this bitches ass

You got to think about what people will say, you know
he's gone fuck with that bitch anyway
You don't want to be seen as some crazy chick, so I
think you should hold back
Naw baby Im a roll with this

I aint taken this shit no more, Im bout ready to go
ahead and explode
And then maybe then I can stop crying stop feeling like
Im about to die and
Why and why does this hurt bring so much pain and
why do I feel like Im going insane
Maybe cause I still want you but not the you that Im

stuck with boo

Youve got to let this go since your to strong to let him
break you down
Youve got a life to live, so why does it feel like without
him my life aint shit

You got to think about what people will say, you know
he's gone fuck with that bitch anyway
You don't want to be seen as some crazy chick, so I
think you should hold back
Naw baby Im a roll with this

Repeat til fade
