People stand, people stare  
Cannot see me anywhere  
Saw you there, drop to the ground  
You were lookin' all around

Grab your shoulders, spin you round, look into my eyes  
You never listened to me, so I'll say my goodbyes

I shout at you, I scream away  
You never listened anyway  
Fire on the horizon  
I turn back and start to run

Pushing hard, ran to you  
Need to be at your side  
Hope I make it there in time  
Put our past behind

In the dark out at night  
Standing under the moonlight  
You stand there still as I call your name

Fighting Free  
Hear them scream  
Hear them shout at you and me  
Make a noise you will be found

People stand, people stare  
Cannot see me anywhere  
Saw you there, drop to the ground  
You were lookin' all around

Grab your shoulders, spin you round, look into my eyes  
You never listened to me, so I'll say my goodbyes

LEAVE ME BY MYSELF  
LET ME BLEED BY MYSELF
