Hear no evil, see no evil
Speak no evil, you ain't seen evil

Tell me what you saw, was it like anything that I've seen
Let us not forget sista that your past ain't squeaky
clean
And I know you wanna run back and tell her
What a bad person I am but are you sure you're gonna
do that
Be sure with every thing you've done with her man life

At the baby shower, down in her basement
Back seat of her car, both times she was pregnant
At your mother's house, while she was in labor
Sure you wanna say something, I'm trying to do you a
favor

Why it's always you who confirms his alibis
Panties that she found, barbecue 4th of July
Know if this was her 'cause, y'all really wanna see it girl
If I was you I'll keep mouth shut bitch so

Hear no evil, don't hear nothing that I ain't hear
See no evil, I mean don't see nothing that I ain't seen
Speak no evil, I mean don't say nothing you don't want
said
'Cause you ain't seen evil until you've dealt with me
first hand

Got a situation, see and it could go one or two ways
You could be a good girl and forget what you saw here
today
'Cause if your sista finds out about me she'll feel
violated
And if she finds out about you, damn, damn, damn
She'll be hurt 'cause you're a family

So don't try to act like you've been betrayed
You're sleeping with your sista's husband sweet thang
Let's not make this personal, we both know he's a dog
If you tell your sista, I'll lose a friend but you'll lose it all

He's not gonna meet the gal, both you or me
I'm the last person you want for an enemy
So don't even think about the [Incomprehensible]
An anonymous phone call is what your sista gonna get
from me

Hear no evil, don't hear nothing that I ain't hear
See no evil, I mean don't see nothing that I ain't seen
Speak no evil, I mean don't say nothing you don't want
said
'Cause you ain't seen evil until you've dealt we me first
hand

So what you gonna do, nothing
Who you gonna tell, nobody babe
Who you think your dealing with
You must not know me bitch, no

Who you gonna see, nobody babe
Who's going to run me in, nobody babe
Everything come out your mouth
If I was you bitch I'd really watch out

Hear no evil, don't hear nothing that I ain't hear
See no evil, I mean don't see nothing that I ain't seen
Speak no evil, I mean don't say nothing you don't want
said
'Cause you ain't seen evil until you've dealt we me first
hand
