I love you, I love you, honey I love you, I do
More than you ever know, say it's for sure
You can count on me forever more

I need you, I need you, baby I, I need you right now
(Right now)
Say can you understand, you're my man
You're my one desire that's keeping you satisfied

Baby when we, when we're together
Said I'm alright and your alright, it's a like paradise
I just want you to know, how I feel, how I feel, oh I

I want you, I want you, sugar I, I want you so bad
(So bad)
I got this burning desire and my souls on fire
Can't you see you're my every thing?

So baby when we, when we're together
Said I'm alright and your alright it's a like paradise
I just want you to know, how I feel, how I feel
(How I feel)

Oh, I love you, I love you, baby I love you, I do
(I do)
More than you ever know, it's for sure
(Ever more, ever more, you for sure, say for sure)
You can count on me forever more

I love and need and want you, baby
I love and need and want you, baby
I love and need and want you, baby
I love and need and want you, baby

You're my, love you, I need you
(I love and need and want you, baby)
(Love and need and want you, baby)
You can count on me forever more

I love and need
(Love and need and want you, baby)
(Love and need and want you, baby)

Said I love you
(I love and need and want you, baby)
(Love and need and want you, baby)
More than you ever know, it's for sure
You can count on me forever more

I love and need
(Love and need and want you, baby)
(Love and need and want you, baby)
Said I love you
(I love and need and want you, baby)
(Love and need and want you, baby)

Oh, I love you, I need you
(I love and need and want you, baby)
(Love and need and want you, baby)
