Whoa, again, whoa, again, whoa

Rastaman, you seed shall inherit the earth
Congo man your seed shall flourish the earth

Jah promise King David to establish his throne
To all generation his sons shall be known
Yes, I and I, yes, I and I must get our throne
No, no, no, no, wicked doubt and stand watch you go
down

Go down Vatican, go down, go down, go down Babylon
No punk can't wear Rasta crown, no time, no time
around
For the hand of Zion will take the lion, for the highest
de
Father Abraham have many sons, though am I, don't

Congo man your seed shall flourish the earth

Long time de Rastaman a trod de earth
Carrying ises for what it's worth
