Imma take this one here to the streets baby,
Feel me? heh,
Ohhh

When I look in your eyes, (I can see it in your eyes)
Can't believe your mine, (No, no, ohh)
Let's just take our time, (Baby let me take my time, oh
yeh)
Your love's just like heaven in my eyes

Chillin' in the parking lot deep,
Hit her we meet on 21st street what,
You know how we loves when the weekend roles
around,
That's how we put it down,
Listen now,
You on your way to your car,
You don't like them bugs that be hangin in the bar,
Lookin' so cool, but casual, fly, sexual, Miss,
You know I had to back this girl

When I look in your eyes, (I can see forever baby)
Can't believe your mine, (Out of all the lovers in the
world)
Let's just take our time, (Ain't no doubt, ohwee baby,
yeh)
Your love's just like heaven in my eyes

It's hot on the boulevard,
Ice shinin' high, (Huh)
In your baby blue drop, (Oh)
Puttin' weight on them haters baby, (Yeh)
Your the baddest girl on the block,
Had all the hustlas over from the park to the sweet
spot, (Sweet spot)
They don't know your style,
All the things I do girl i'll put in my while,
I'll be the man that will spoil you,
With diamonds galore,
A ring with the stone,
Child in a home girl

When I look in your eyes, (No, I can see forever baby)
Can't believe your mine, (Out of all the lovers in the
world)
Let's just take our time, (Ain't no doubt, ohwee baby,
yeh)
Your love's just like heaven in my eyes

When I look in your eyes, (I can see forever baby)
Can't believe your mine, (Out of all the lovers in the
world)
Let's just take our time, (Ain't no doubt, ohwee baby,
yeh)
Your love's just like heaven in my eyes

Ain't no doubt about it, (Oh no)
I just can't get around it, (Noo)
And every time i think about it, (Yeh, yeh)
Your love is like heaven in my eyes (Heavenn)

Ain't no doubt about it, (Girl there ain't no doubt about
it)
I just can't get around it, (No baby, no baby)
And every time i think about it, (Yeh)
Your love is like heaven in my eyes (Heaven in those
eyes, it's yours)

When I look in your eyes, (I can see forever baby)
Can't believe your mine, (Out of all, out of all the
lovers)
Let's just take our time, (Ain't no doubt, ohwee baby,
yeh)
Your love's just like heaven in my eyes

Ain't no doubt about it, (Your love, your love)
I just can't get around it, (Noo)
And every time i think about it, (Your love, your love)
Your love is like heaven in my eyes (Your love, your
love)

Ain't no doubt about it, (Your love, your love)
I just can't get around it, (Your love)
And every time i think about it,
Your love's just like heaven in my eyes
