Yeah  
So you want drama huh?  
We can do this  
Well well well well well

I heard you've been poppin lip  
Talking slick  
If you want it you can get it we can handle this  
My shorty keep telling me you're stressing her out  
You need to relax before I go up in ???  
I'm not the one to be played with  
Your loose-ass lips will get your dome split  
You're getting me steamed and you don't wanna do  
that  
You mess around and make me have to wile out and  
snap

Chorus  
I think you better let it go  
Heard you been creeping round my baby's back though  
Now what you sliding through here for?  
I think you better let it go  
I think you wanna let it be (be)  
Cos if you want beef I got the recipe  
Now you don't really want no parts of me  
I think you better let it be (let it be)

Can't believe you came here, thinking bout what's gone  
What the Hell is wrong with you son? Best be moving on  
Before you go, gotta let u know  
See those excuses you was using, you can't come here  
with that there no more  
She's been around the house, stacking what you  
bought,  
Everything you own is on the back porch,  
You're breaking the rules, kid I've had enough  
I'm bout to start hooking off with jabs and upper cuts  
What? What? What? What?

(Chorus)

Wilin' over this chick Ja, Slow you illin'

Probably be the next book by Terry McMillan  
Open off of Hennessey, seeing the remedy,  
Ready to pop 'em both like, like they breaking and  
entry,  
It's Tempting, they'll turn your last name Simpson,  
Redemption, leave you in a centre of detention,  
If he don't listen, air him out  
It's Shorty ???? It aint a game  
It's what a playa about. Cash flow  
(chorus)
