I will always give my love to you,
Were the things that they told you bout me true,
Lady without you I'm feeling blue,
I will never ever feel the same way again cause for you
lady,

I lost my love, lost my love, lost my love said I lost my
love

Love is a gift that you get in return of giving,
Life is a gift that you get in return of living
Oh Jah bring back the feelings that I once had yes,
Dry my tears in this sea of sadness

Chorus

I lost my love but I'm on my journey to find it again,
Was it because you made me feel like in prison,
The chains round my heart would refrain me from
thinkin
And all of this time you where the air that I was
breathing
