Your heart is like the winter, it's suh cold

I drive around, looking for your company
Hopin that I'll find ah friend to point yuh out tuh me
These words can't describe my misery, so I record it n'

put it in a melody
Sittin' here tryna reverse yesterday,
cause tomorrow ain't no good if yuh not here today
On my knee's beggin' you mercy,
but I understand your decision too hurt meh.

Yeaaa-aaa,
Meh light up mi spliff gyal, hopin it brings me to your
reality
Lemme tell yuh

Meh miss how yuh wan meh
Meh miss how yuh kill meh
Tekk note an ah had meh
To give yuhself away
Meh miss how we argue, (uuh huhh) Bout missin' mi
curfew
The smell of your parfume, Just won't go awaaay
(nooo)

I'll give my life, oohh, just to love youu
I'll give my life, oohh, just to keep youu
I'll give my life, ooohh, baaaby, aany daay

Let me love yuh, let me love yuh, let meh love yuh
