I used to be the kinda brother  
That thought I would never slow down  
I used to swear that I don't even care what  
Happens but baby right now...

I see that  
It changed my mind  
I mean that  
And it took some time  
But now I understand,  
I can be a better man  
I never had the chance to meet a lover quite like you  
You refilled another part in me  
Girl your love is tried and true.

Never, Will I break your heart  
Never, Will we ever part  
Never, can't believe I used to say it

I used to say  
Never, Will I love this way  
Never, Give my heart away  
Never would this player hang his jersey up  
And leave again

Never would have thought in a million years  
I would be here...

That's why I say  
Never, will I know the truth  
Never, will I know that you would come into  
My life and make everything new  
Never would have thought I would take  
Your hand girl, I swear  
I will never never never never never say never again,  
again, again...

Baby, baby... 6x

There's aint question that I love you  
I know we had our ups and downs

But through the tears I know  
There is nowhere I can say I rather be right now

I see that, you are my shining star  
I mean that, that you got my heart and now  
I hold your hand cause you make me a stronger man  
I wish that I could place the whole world in front of you  
But a man is just a man so baby here my vow to you  
baby

Never, Will I break your heart  
Never, Will we ever part  
Never, can't believe I used to say it

I used to say  
Never, Will I love this way  
Never, Give my heart away  
Never would this player hang his jersey up  
And leave again

Never would have thought in a million years  
I would be here

That's why I say  
Never, will I know the truth  
Never, will I know that you would come into  
My life and make everything new  
Never would have thought that I would take  
Your hand girl, I swear  
I will never never never never never say never

From the day you came along  
I sung a brand new song  
Cause I hold baby clear to see  
That you are a special part of me  
Before I had no clue I was lost  
Till I found you baby  
Girl I wanna make the whole world understand  
I'm proud to be your man  
I'm about to say  
I can't believe that I used to say

Never, Will I love this way  
Give my heart away  
Never would this player hang his jersey up  
And leave again

Never... no no no never...  
No, no, no, no, no, no  
Never Never  
I never would have thought that I would take your hand

I will never say never again.
