I always wonder eventhough I believe everything is
meant to be
When life go up and down it's not only fate but
responsability
Why do we do the same mistakes over and over again
When already at the first time we cause so many
problems

In this New World Order
Guide and protect us Jah holy Father
In this New World Order
Shine on my way fe cross every border
Cause love a mi power

Wel me know Jah could a never ever dead HIM couldn't
dead and gone
He live in the hearts of all man the stone that the
builder refuse shall be the headcornerstone hold unto
your faith and be strong

Sometimes when I think back to the days, when I was a
young boy in youthfull ways bring back all opf dem
memories come come the sign when jah set me free
but donw inna Babylon racial separation is taking place
where has the love gone where it all begun

Mistry Babylon me I come fe destroy thy plan
And a then whipe way the heathen chase dem out a di
land
Instead on a solid foundation you build your house
upon sand
Well de wicked man dem a go tremble when de
rastaman chant
Dem a dealin with the wrong conception so them gwan
end up inna dem own frustration revolutionary we a di
younger generation there?s no love inna dem heart so
the bound haffe go down

Everyday can bring a whole new situation
Sometimes disappointment then again sweetest
surprise

When I come down rely and concentrate will I be able
and ready to face the truth behind the fate
