I'm not numb that anymore
Not longer feel the heat and pain
No longer trenched in shame

I'm not numb that anymore
Now I own the key to the door
The kingdom of heaven lies inside
Makes a circle if they're turning tide

Now the circle is complete
And the heart of mine they need
The kingdom of heaven lies inside

I love visions of you endlessly
I love visions of you endless

It's a vision for me and for you
Hell can be a circle too
With pentation unbroken
And treveries means unspoken
A vision for me and for you

I love visions of you endlessly
I love visions of you endlessly
I love visions of you endlessly
I love visions of you endlessly

I love visions of you endlessly
I love visions of you endlessly

I'm not numb that anymore
Not longer filled with hate and pain
No longer trenched in shame
I'm not numb that anymore
Now I own the key to the door

I love visions of you endlessly
I love visions of you endlessly
I love visions of you endlessly
I love visions of you

I love visions of you

I love visions of you endlessly
I love visions of you
