I met this girl named Donna from B.M, Alabama
I really like that smile, her legs, they run for miles
Asked her what's her name while sizin' up her frame
Feelin' some type of way about her, her

She was all up on me, couldn't say no
Got a plane to catch but she won't let me go
I really love my life, but I'm missin' just one thing
That woman by my side forever and always

Come a little bit closer
Spread out like you were a poster
Girl, I want to put it on you

Come a little bit closer
Spread out like you were a poster
Girl, I want to put it on you

Ain't nobody here, it's just you and me, baby
Ain't nobody here, I say we get a little crazy
Let's take it to the room
So many things I wanna do

Girl, your kiss is just like caramel
Smooth like ice-cream, straight from Carvel
Can't control my hands
I hope you understand

Come a little bit closer
Spread out like you were a poster
Girl, I want to put it on you

Come a little bit closer
Spread out like you were a poster
Girl, I want to put it on you

Can't nobody tell me, that I don't love this girl
It's drivin' me crazy, I'm tryna offer her the world
And when I think about the past, don't wanna bring it
back
Lonely missin' heartache is all I ever had

Come closer
(Come closer)
To me
(I want you to)

Come a little bit closer
Spread out like you were a poster
Girl, I want to put it on you

Come a little bit closer
Spread out like you were a poster
Girl, I want to put it on you
