Yeah, there's somethin' about young love
So many people say that it is
So impossible, impossible, impossible
Yeah, this is how I feel

Ever since I met you, girl
Everything about me changed
Suddenly I feel the light
Somethin' 'bout you by my side

Me and you against the world
Finally a diamond girl
I ain't even been the same
Ever since I heard your name, girl

(You are the reason)
My heart skips a beat sometimes
I been waitin' all my life
Think I finally found my wife

But I don't want to rush your heart
Take your time, sweetheart
Say the word and I'll come
Wherever you are

Shorty, hear me now
(When you need me)
Just reach out
(And I'll be close enough)
To witness the moment you say

(Now it's impossible)
For me to live without you
For me to breathe without you
'Cause I can see just who I'm suppose to be

(Now it's impossible)
For me to be without love
Girl, you make my life about love
So the people see the impossibilities, yeah

They said we couldn't touch the moon

Look what our love can do
Got forever in my sight
I saw heaven in your eyes

Just what I was dreamin' of
Need you on my team because

You make me a superstar
I don't need a fancy car

(You are the reason)
(My heart skips a beat sometimes)
I been waiting all my life
I think I finally found my wife

When I walk it down that aisle
Me and you together now
Happiness everywhere
Since I found my shorty

Shorty, hear me now
Just reach out
(And I'll be there)
To witness the moment you say

(Now it's impossible)
For me to live without you
For me to breathe without you
'Cause I can see just who I am suppose to be

(Now it's impossible)
For me to be without love
Girl, you make my life about love
So the people see the impossibilities

Don't you ever take your away from me
It would be so impossible for me to breathe
Katie, Casey, could it be, I need
Your lovin' right here at all times

So I can say it's alright, alright, alright
Yeah, yeah
It is so hard to see that I was meant for you
You were made, you were made for me

Shorty, hear me now
Just reach out
(And I'll be there)
To witness the moment you say

(Now it's impossible)

For me to live without you
For me to breathe without you
'Cause I can see just who I'm supposed to be

(Now it's impossible)
For me to be without love
Girl, you make my life about love
So the people see the impossibilities
