No, no, no, Daddy  
No, no, no, Daddy

Yo huh, I dedicate this song  
To all the people who wanna  
Know all about Jah's life

Let's talk about it  
(come on right now, let's talk)  
Just reminiscing on the times we had  
When we were rowdy,  
(talk about it)  
Oow when thoughts were cloudy  
Let's talk about it  
(come on right now let's talk)  
About a time and place when  
We thought we'd never see tomorrow  
From all the drama  
Let's talk about it

Coming up life was so real  
Reminiscing 'bout the past  
And my nigga had it fucked up  
Twelve years of being locked up  
First bid juvenile kid fucked up  
Time passed on got my weight up  
Parole gave the date up  
Back to the streets and got laid up

Through the blast back to the pass  
Up to no good  
You were my homies  
Chieffin' that good

Let's talk about it  
(come on right now, let's talk)  
Just reminiscing on the times we had  
When we were rowdy,  
(talk about it)  
Oow when thoughts were cloudy ooh  
Come on let's talk (talk about it)

(come on right now let's talk)  
About a time and place when  
We thought we'd never see tomorrow  
From all the drama (drama)  
Let's talk about it

I think about all the times we broke  
Nights wildin' out, doin' us  
Just drivin', kickin' it hoping to (?)  
And if a nigga was chump  
Couldn't hang around, no  
Way back then  
I miss those good 'ole days  
Hangin in the park, drinkin' after dark  
Flashbacks from the past,  
Can't seem to get away  
Gotta keep movin',  
Rhymin' day to day

Let's talk about it  
(come on right now, let's talk)  
Just reminiscing on the times we had  
When we were rowdy  
(talk about it)  
Ooh when thoughts were cloudy  
(we were rowdy)  
Let's talk about it,  
(yeah, yeah)  
About a time and place when  
(yeah, yeah)  
We thought we'd never see tomorrow  
(See tomorrow)  
From all the drama  
Let's talk about it

All the kids out did when we were kids  
Grew up, had kids of their own  
Pataki killed crack  
With the RICO Act, that's jive  
Twenty to life, you're gone  
When I look back on my life  
Damn near died by the knife  
Now I know that I just can't stop  
No more younger days sippin ru  
Gettin blazed up  
Wish I cold turn back the clock

Let's talk about it  
(come on right now, let's talk)  
Just reminiscing on the times we had  
When we were rowdy,

(talk about it)  
Oow when thoughts were cloudy  
Come on let's talk  
(come on right now let's talk)  
About a time and place when  
We thought we'd never see tomorrow  
From all the drama  
Let's talk about it

Flashbacks from the past  
I been thuggin'  
Runnin' from the po-po  
Buggin'  
You said I'd never be nothin'  
Still came out to be something  
It wasn't easy, naw naw it wasn't easy
