#### Verse 1

Sittin here with karats in your ears  
Mink on on your back  
Your bank account stack  
You deserve everythin you got  
Cuz you held me down  
When things got hot on the block  
Lookin back I remember the days  
When shit got thick  
You were the first to say  
Baby keep your head up it'll be ok  
Your better off without that kinda goodass nigga  
anyway

#### Chorus

It's on tonight  
Cash up in the dash  
And i'm feelin right  
Got heat up in the seat  
Just incase of beef  
For anyone who wanna come test me and baby  
Honey don't be afraid  
See that cat drivin in that Escalade  
Plottin on my riches, yeah  
He will get slayed  
Messin round with me and my lady  
Me and my bitch

#### Verse 2

You deserve better than that  
When infact accounts are major got your name
