Yeah, oh, no

I used to be the kind of brother  
They thought I would never slow down  
I used to swear that I don't even care  
What happens but baby right now

I see that, you changed my mind  
I mean that and it took some time  
But now I understand  
I can be a better man

I never had a chance to meet  
A lover quite like you  
You revealed another part of me  
Girl you love is trivin' true

Never, will I break your heart  
Never, will we ever part  
Never, can't believe I used to say it  
I used to say

Never, will I love this way  
Never, gave my heart away  
Never would this player hang  
His jersey up and leave the game

Never would've thought  
In a million years  
I would be here  
That's why I say

Never, would I know the truth  
Never, would I know  
That you would come into my life  
And make everything new oh

Never would've thought I would  
Take your hand, girl I swear  
I would never, never, never, never  
Never say never again, again, again

Baby, baby, baby, baby  
Baby, baby, baby, baby  
Baby, baby, baby, baby  
Baby, baby, baby

There ain't no question that I love you  
I know we've had our ups and downs  
But through the tears I know there is nowhere  
I can say I'd rather be now

I see that, your my shining star  
I mean that, girl you got my heart  
And now I hold you here  
'Cuz you made me a stronger man

I wish that I could place  
The whole world in front of you  
But a man is just a man  
So baby, here's my vow to you, babe

Never, will I break your heart  
Never, will we ever part  
Never, can't believe I used to say it  
I used to say

Never, will I love this way  
Never, gave my heart away  
Never, would this player hang  
His jersey up and leave the game

Never would've thought  
In a million years  
I would be here  
And that's why I say

Never, had I known the truth  
Never, when I know  
That you would come into my life  
And make everything new, oh

Never would've thought  
I would take your hand, girl I swear  
I would never, never, never  
Never, never say never

From the day you came along  
I sung a brand new song  
'Cuz I know you made it clear to see  
That you're a special part of me

Before I had no clue, I was lost till I found you

Baby and I wanna make your heart understand  
I'm proud to be your man and I'm 'bout to stay forever  
I can't believe that I use to say

Never, will I love this way  
Gave my heart away  
Never would this player hang  
His jersey up and leave the game

Never, no, no, never  
No, no, no, no, no  
Never, never

I never would've thought  
I would take your hand  
I would never, never, never, never, never  
Never, never, never, never say never again
