I'm living for today, I'm doin' shit my way  
Still Ghetto Still Ghetto  
Dangerous times in these ghetto streets  
For peace of mind I gotta hold this heat  
(I'm still)Ghetto(ghetto baby)Ghetto  
I thank God that I'm still here  
You know all my lost ones I share this prayer  
Taquane  
Father God I pray yo holden' me down  
Like an angel please keep um' around

Jaheim  
My broken heart blood she'd it's tears  
Left me alone and now this soul is full of darkness (so  
dark)  
Is this destiny was it meant to be  
All my dreams are reality

Taquane  
This is all I know so this is life  
So don't get cold like a rainy night  
Album plat'num still I gotta fight

Jaheim  
But don't go messin with this girl  
Just cos you give um doe  
You can bet that ass nigga  
I'm still ghetto for you

I'm living for today  
I'm doin shit my way  
Ghetto(ghetto baby)Ghetto  
Dangerous times in these ghetto streets  
For peace of mind I gotta hold this heat  
(I'm still)Ghetto(ghetto baby)Ghetto

I respect the ghetto baby feel my pain  
When I lost my mom's and pop's  
I started havin a sup  
But I can't change

And the days seem long and the nights are cold

And all that's left is a picture frame of them  
Its killing me softly like a dead man walking  
But I'ma hold on...be strong  
Keep on doin what I'm doin  
Never thought I'd ever be this strong today (so strong)  
Still so much love for all the G's that paved the way  
I'm sure gonna try best to learn and teach these young  
ones  
Treasure now their world today your what i'm livin for  
today

I'm living for today, (that's right)  
I'm doin' shit my way  
Still Ghetto Still Ghetto  
Dangerous times in these ghetto streets  
For peace of mind I gotta hold this heat  
(I'm still)Ghetto(ghetto baby)Ghetto

I'm living for today, (that's right)  
I'm doin' shit my way  
Still Ghetto Still Ghetto  
Dangerous times in these ghetto streets  
For peace of mind I gotta hold this heat  
(I'm still)Ghetto(ghetto baby)Ghetto

Rap  
Motherless child lost in the mix  
Can't lie I love it when my ghosts blow me a kiss  
Wish pops was here to school me more  
So ghetto I don't even feel pain no more  
Can't go wrong but it's a must I get it right  
Callasthetics and water keep my shit tight  
In and out of the system gave me power  
I see death every time I take a shower  
Peanut butter no jelly, b but no celly  
Been through it all what the fuck you gon' tell me  
First time cookin cobax was oily  
88' 89' Julie you spoil me  
The ghetto boom me over see the block in me  
Half ya that gemini some she poppin me  
Same sign as my brothers we never get along  
Some nights my niggas gonna keep us strong

I'm living for today, (that's right)  
I'm doin' shit my way  
Still Ghetto Still Ghetto  
Dangerous times in these ghetto streets  
For peace of mind I gotta hold this heat  
(I'm still)Ghetto(ghetto baby)Ghetto
