

Jaheim "What You Think Of That"

Visit "[What You Think Of That](#)" on MotoLyrics.com

She was just an ex of a nigga
Who kept her from her fullest potential
Always played games with her mental
And every type of shit to make her self esteem little

But now her days are always so fly
She's a diamond in a rough, no lie
I'm rough enough to make the diamond shine
Just like a trophy I'ma hold her high

And all I know, all I know

Now she's good to me, great to me
She crowned me to be the king
Now what you think of that?

'Cause she's down for me
My homie, my tangeroni only
Now what you think of that?

'Cause she stay real with me
Deal with me, perfect to be my wife
Now what you think of that?

She's beautiful to me
And I don't care what you think
Now what you think of that?

She always keep it at a hundred
Never caught fake, phony or frontin'
Always show me love when I want it
And never lose her cool over nothin'

I admit she's a gift, no lie
The type of girl you'd be dumb to pass by
She's a blessin' when she came in my life
And I'm so happy that she's mine, oh mine

And all I know, all I know

Now she's good to me, great to me
She crowned me to be the king

Now what you think of that?

'Cause she's down for me
My homie, my tangeroni only
Now what you think of that?

'Cause she stay real with me
Deal with me, perfect to be my wife
Now what you think of that?

She's beautiful to me
And I don't care what you think
Now what you think of that?

This was dedicated to the woman that's makin' it
Through the strugglin' and takin' it inside
I know that it's hard 'cause I seen the pain
Through the tears on my mommas eyes

Tryin' your best to be strong when your past did you
wrong
I got your back girl things will be fine
And I gotta give you credit, don't sweat it
It's gonna get better, forever you'll have my love
And that's all I know, all I know

Now she's good to me, great to me
She crowned me to be the king
Now what you think of that?

'Cause she's down for me
My homie, my tangeroni only
Now what you think of that?

'Cause she stay real with me
Deal with me, perfect to be my wife
Now what you think of that?

She's beautiful to me
And I don't care what you think
Now what you think of that?

Now she's good to me, great to me
She crowned me to be the king
Now what you think of that?

'Cause she's down for me
My homie, my tangeroni only
Now what you think of that?

'Cause she stay real with me

Deal with me, perfect to be my wife
Now what you think of that?

She's beautiful to me
And I don't care what you think
Now what you think of that?
