CHORUS:

Oh, Please forgive them Lord,

For they don't know what they do,

They don't see

In this times of reaction and mind pollution;

Oh, Please forgive them Lord,

For what they say is what they were taught

By promoters of words of destruction and confusion;

Oh, please forgive them Lord,

For their eyes are open but they are blind

With frustrating lies and the truth is so hard to find;

Oh, please forgive them Lord

For the foolness is filling their minds:

When the youth is killing the youth -

They are killing the country's future!

Verse 1:

Can you realise that violence is not the answer?

'Cause once it's born, it's spreading like cancer.

The new generation is losing it's way,

Oh, where they will be when comes the Judgement Day?

Chorus:

Oh, please forgive them Lord,

For their eyes are open but they are blind

With frustrating lies and the truth is so hard to find;

Oh, please forgive them Lord

For the foolness is filling their minds:

When the youth is killing the youth -

They are killing the country's future!

Verse 2:

Oh, Jah, Jah, please, give them a chance

To find their way,

In these serious times we can only pray.

The streets face the crowds are fighting the One,

Nobody can break us,

'Cause we're always on the run!

Resisting the System with music we play

Is stronger than most of anger they chase -

They don't know, they are fighting themselves

When they blame someone else.

One day the Power of Almighty

Will chant them down.

Nobody can break us

'Cause we're always on the run!

Chorus:

Oh, Please forgive them Lord,

For they don't know what they do,

They don't see

In this times of reaction and mind pollution;

Oh, Please forgive them Lord,

For what they say is what they were taught  
By promoters of words of destruction and confusion;  
Oh, please forgive them Lord,  
For their eyes are open but they are blind  
With frustrating lies and the truth is so hard to find;  
Oh, please forgive them Lord  
For the foolness is filling their minds:  
When the youth is killing the youth -  
They are killing the country's future!
