Yeah x4  
Whoa, yeah, hey  
Can i, can i, can i, can i (can i)  
can i can i (oh oh oh yea)  
i know i can

How much can i take  
of you throwing dust my face  
makes me feel like i'm not good enough  
i think i'm gonna lose my faith  
but i guess i gotta prove some people wrong  
so i gotta be strong  
i gotta keep holding on

i know that you know my name (they know, they know,  
they know)  
but do you really understand my pain (don't know,  
don't know, don't know)  
oh i gotta find a better way  
you know from now ain't no holding back  
I'm serious as a heart attack

oh tell me (can i, can i)  
i'm so sick and tired of being unhappy (can i, can i)  
can i, can i, can i (can i get around this)  
can i, can i, can i (can i get around this)  
can i, can i, can i (can i get around this)  
i know i can, i can (can i get around this)

stop, start challenging my thoughts  
if i tell you i'm worth a trillion  
then why you questioning my worth  
oh don't take it personal (personal)  
i just wanna be number one (number one)  
so i keep it strong  
i gotta keep holding on

oh you know my name (they know, they know, they  
know)  
but do you wonder what's it like to play this game  
(don't know, don't know, don't know)  
it ain't easy no, where to go no, i don't know

how am i gonna do this  
i feel like i'm gonna lose it

oh tell me (can i, can i)  
i'm so sick and tired of being unhappy (can i, can i)  
somebody tell me  
can i, can i, can i (can i get around this)  
can i, can i, can i (can i get around this)  
can i, can i, can i (can i get around this)  
i know i can, i can (can i get around this)

oh yeah yes i can live it up  
excuse free as i come though to interrupt  
the session, the lesson is do you know your true value  
turn the volume up and listen to it louder  
came through the worst and been back much prouder  
how the heck to you expect me to let the record drop  
i take it to the top

oh tell me (can i, can i)  
i'm so sick and tired of being unhappy (can i, can i)  
somebody tell me  
can i, can i, can i (can i get around this)  
can i, can i, can i (can i get around this?)  
can i, can i, can i (can i get around this)  
can i get those yeah  
yeah yes i can, yes i can, yes i can  
yes i can, yes i can
