[Cage Verse]

Its the worm king

Here to teach you strange things

They slammed me on my chest to earth with clipped off wings

So trying to flap squirtin your bitch if she hurtin

My worms crawled in the, and crawled out through venelation

Got 16 hearts all palpitating

Mutate half way to manifestation

I got 5 star ratins on my dick, rappin'

Scrappin' your brains with the brush of death

Sent for some fuckin' noises

If no bitch ass accent

Militant experiment goin' A-wall

Plus your runnin' down the block with your ripped off face ?

Son of Pontius if your mador's feelin' monstrous

My subconscious projects psychedelics mirages under garages

I spit G's like a hoax scientist

Slobbin' off the hook with the fuckin' worm bitch

Fuckin' worm bitch, fuckin' worm bitch
