[Verse 1]

I'm gettin' ready, here comes the day
We gettin' into trouble
Say just what we gotta say
I know you know so
Said we have to go- I
Can't wait no longer said- I
It's getting stronger and I'm

[B-sec]

Holding it out, letting it loose
Music is loud, bass in my shoes
Story to tell, when this is done
I'm looking for that single number one...

[Hook]

We're going to a party
And we're gonna have a real good time
I called you so get ready
And I'll pick you up
Let's take a ride
You got me feeling alright
Do you notice, I'm on a high
I could feel it inside
We're going to a party
And we're gonna have a real good time
Real good time (ooh) (tonight)

[Verse 2]

Just wait a second (oh)
Here we go again, I'm standing outside
Waiting to get in, now I know
They know so, I have to go
See I'm out of control
Why won't they believe me?

[B-sec]

Holding it out, letting it loose
Music is loud, bass in my shoes
Story to tell, when this is done
I'm looking for that single number one...

[Hook]

We're going to a party
And we're gonna have a real good time
I called you so get ready
And I'll pick you up
Let's take a ride
You got me feeling alright
Do you notice, I'm on a high
I could feel it inside
We're going to a party
And we're gonna have a real good time
Real good time

[Bridge]

I know there is much
To be handled right now
In this moment, I can't focus
And it's like I'm dreaming out loud
With this I can explore...
I'm wanting much more...
But in the end I know
If I'm the one to go
I'll be seeing you later
Very much later 'cause we are-

[Hook]

We're going to a party
And we're gonna have a real good time
I called you so get ready
And I'll pick you up
Let's take a ride
You got me feeling alright
Do you notice, I'm on a high
I could feel it inside
We're going to a party
And we're gonna have a real good time
Real good time (ooh) (tonight)
