(I'm lost... for words)

Is there ever a time or place  
That you needed to get away from here  
My heart races, then it slows  
But what do I fear, it's near...  
A candle lite for you at night  
Saved for this special occasion  
I know there's something I'm missing  
But what could it be?...

Why'd you have to do a silly thing like that  
To me, like that, to me  
No where to run as if I knew just where to go  
Ooh...

It is not my fault today  
You decided to be away from me...  
A candle set for you at night  
Saved for when you tip it over  
The fire burns inside, on sight  
To late for you to recover

Why'd you have to do a silly thing like that  
To me, like that, to me  
No where to run as if I knew just where to go  
Ooh...

(One time)  
I tried, but I'm fine  
Looking away from all of this pain  
Can't focus right so I set fire to you  
And all the things that you do

Why'd you have to do a silly thing like that  
To me, like that, to me  
No where to run as if I knew just where to go  
Ooh...

Da da da da-da da-da da-da  
Da da-da daahhh...
