You were the best thing and the worst thing to ever  
happen to me,  
All rolled up into one. And it's taken me this long to  
write a song about you.

Should've listened to myself when you walked back into  
my life - for the third time.

Guess I should've closed my legs and my door to you.

But I can trust about as far as you can throw me.  
And I could stand you just as long as you afforded  
me...  
and it's taken me this long to write a song about you.

You were the best thing and the worst thing to ever  
happen to me,  
All rolled up into one. And it's taken me this long to  
write a song about you.

I hope I never see you again but I'll promise you one  
thing.  
I may never see your face, but I know you'll see me.  
Yeah, I know you'll see me. You should probably watch  
out for me.

You were the best thing and the worst thing to ever  
happen to me,  
All rolled up into one. And it's taken me this long to  
write a song about you.

And I'm sorry if this doesn't do it for you. I'm sorry that  
you didn't measure up.  
I'm sorry if I left you feeling empty. I'm sorry you let  
your life screw you up.  
I'm sorry that I didn't love you more, but I feel sorry for  
that whore you left me for.  
I'm sorry I gave you five years but most of all I'm sorry  
it took me this long...  
I'm sorry it took me this long. I'm sorry it took me this  
long... to write a song about you.
