My best friend, my dead end.  
You hate me, frustrate me.  
I know you, I owe you.  
Indebted, forget it.

I wouldn't take this from anyone  
If I weren't just anyone...  
Our paths will cross again one day...

Some girls have to learn the hard way.

Doesn't have to be a big thing.  
You don't have to make a big scene.  
You don't have to be a drama queen.  
You don't have to be so mean.

A car ride, your bad side.  
You're wasted, still taste it.  
I was there for your out pour.  
Defeated. Don't need it.

You can say what you want to.  
What they'd say... if they only knew.  
Our paths will cross again one day...

Some girls have to learn the hard way.  
Doesn't have to be a big thing.  
You don't have to make a big scene.  
You don't have to be a drama queen.  
You don't have to be so mean.

You roll your eyes.  
You're spreading lies.  
That shit you try - so junior high.  
You play your games - calling me names.  
But I don't hear a word you say...

I wouldn't take this from anyone  
If I weren't just anyone...  
I wouldn't take this from anyone  
If I weren't just anyone...

Doesn't have to be a big thing.  
You don't have to make a big scene.  
You don't have to be a drama queen.  
You don't have to be so mean.

You don't have to be so mean.  
You don't have to be so mean.

You don't have to be so mean.
