Fall into that black whole honey
Looking up from your eyes
Everything that you ever wanted
You fight but why

Folded up just like a piece of paper
Take you sweet little time
You can write on the sidewalk yea but you fine to write

And now you're walking through the door
Just like 2024
Said I gotta believe
Someday you'll see
Someday you'll see that there's something more
That there's something more
That's why you're so poor
Aww there's something more

I never said id answer your front door
Never better to be
But I can see is how your own shoe laces
You bleed

Fall in love just like a new born baby
Blonde hair and blue eyes
Taking pictures with your Polaroid camera
Your fine its right

And now you're walking through the door
Just like 2024
Said I gotta believe
Someday you'll see
Someday you'll see that there's something more
That there's something more
That's why your so poor
Aww there's something more

And now you're walking through the door
Just like 2024
Said I gotta believe
Someday you'll see
Someday you'll see that there's something more

That there's something more
That's why you're so poor
Aww there's something more
