Love, carry me in
Carry me in
Held down by my words and the weight of my sins

Fear, fear of myself
All these books on the shelf, yeah they're dusty again

All along the way
People stop and stare
They just look past my face
They see that I'm not there
I fall into that hole, down down down again
All along the way, all along the way

Run, run from my past
Run from my past
I got hooks in my back from the first to the last

All along the way
People stop and stare
They just look past my face
They see that I'm not there
I fall into that hole, down down down again
All along the way, all along the way

(Aaaah, aaah, aaah, aaah)

All along the way
People stop and stare
They just look past my face
They see that I'm not there
I fall into that hole, down down down again
All along the way, all along the way

Now I see it's me
My splintered eye
Climbing up the wall
Waiting for the fall
Tonight I think I'll lose my mind
Carry me away, carry me away
I sit and watch the flowers grow
Someday they'll die

I sit and watch the world behold
Carry me away, carry me away
