I went in as a patient,  
They kept me constantly waiting.  
I gave my best performance,  
They knew that I was faking.  
Hey, I ain't got much else to say,  
No excuses I can make.  
Fuzzy feeling on the wall,  
Lord y'know I tried 'em all.  
Now watch me rise and, and fall.  
So warm wrapped in a blanket,  
Feel wholesome, almost naked  
I watch my fingers tremble,  
No sign of hesitation.  
Hey, I ain't got much else to say,  
No excuses I can make.  
Fuzzy feeling on the wall,  
Lord y'know I tried 'em all.  
Now watch me rise and, and fall, and fall.  
Aint got no problem do you,  
Aint got no problem said OH OH OH NO.  
Aint got no problem do you,  
Aint got no problem said OH OH OH NO.  
Hey, I ain't got much else to say,  
No excuses I can make.  
Fuzzy feeling on the wall,  
Lord y'know I tried 'em all.  
Lord y' know I tried 'em all.  
Lord y'know I tried 'em all.  
Lord y'know I tried 'em all.  
Lord y'know I tried 'em.
