Looking out my window
Wonder how it came to be

Feels just like a tempo
Lifted by a gentle breeze

Ugly as a suitcase
I can see it stretch for days

Hanging on a sunset
Softly trampled by the rain

[Chorus]
Way too long
Hold on
Hold on
Dead and gone
So long
Hold on
Way too long

Hold on
Hold on
Dead and gone
So long
Hold on
So long
Hold on

Looking out my window
Trying to find a hiding place

Climb up to the tree tops
Watch it all just drift away

[Chorus]

[Chorus]
