Got a mouth full of rocks and I'm chewing on nails
I had to bite the bullet poof the magical spell
I'm beating down a path with the message on my chest
like my appetite thats sleeping I could probably use the
rest

So..

Let me beat your eardrums
I think that I got something to say
I'd like to beat your eardrums
Hold me to my word and from my word i will not stray

Please let loose your up tight manners
Throw away your pocket planners
Life is missed while your busy living
For into the womb of this world you've been driven

Let me beat your eardrums
I think that I got something to say
I'd like to beat your eardrums
Hold me to my word and from my word I will not stray

Woo yeah
Come on now

Gimme gimme gimme gimme

Ah bleed for me now
Bleed for me
I said bleed for me

Well nothings a waste when you try to maintain
Your life no like cancer is killing your brain
Your body, your mind, heart and your soul
The way that your living will soon take its told

Let me beat your eardrums
I think that I got something to say
I'd like to beat your eardrums
hold me to my word and from my word I will not stray
