Timber shakes these trails, they are derailed
Phony, false and frail
An empty ocean
Lost our way with no direction home

Golden needles, names we take in vain
Find it harder to remain
No nothing sacred
Still waiting on that explanation

Right before my eyes
I saw the whole world lose control
The whole world lost control
Before my eyes

I fell through the floor
I couldn't take it anymore
I can't take this anymore
It breaks my mind

Hold her dirty hands over the flames
Getting pleasure from the pain
Softly screaming
The pistol that she raised has spoken

Golden needles, names we take in vain
Find it harder to remain
Nothing sacred
Still waiting on that explanation

Right before my eyes
I saw the whole world lose control
The whole world lost control
Before my eyes

I fell through the floor
I couldn't take it anymore
I can't take this anymore
It breaks my mind

Everything I thought I knew fell to the side
Time went on and on, I couldn't see past my own eyes

Past my eyes, past my eyes, past my eyes

Right before my eyes
I saw the whole world lose control
The whole world lost control
Before my eyes

I fell through the floor
I couldn't take it anymore
I can't take this anymore
Fix my mind
