They've got you movin' to the city  
Oh my, you think you're lookin' pretty  
But they've got their pistols too  
Tucked down beneath their shoe  
It's a new sensation  
World annihilation  
Moving to the music  
Patiently it's waitin'  
The city's screamin'  
I can hear them breathin'  
Cryin' out for wisdom  
Hungry minds are feedin'

I know that you're tired of this  
Cause you're a robot  
They designed your life  
But true souls said you know what's right  
And you can join us on the other side

Are you scared? Are you scared? Are you scared?

They've got you marching to a drum beat  
Oh my you got another nose bleed  
They'll keep you so amused  
You'll never taste the truth  
It's a new creation  
Total domination  
Chains across your shoulders  
Social captivation  
Kill our leaders  
Persecute our teachers  
Criticize our culture  
Crucify free thinkers

I know that you're tired of this  
Cause you're a robot  
They designed your life  
But true souls said you know what's right  
And you can join us on the other side

Are you scared? Are you scared? Are you scared?

Fill our eyes with money  
Vanity that's cunnin'  
Only on the surface  
Diamonds look so stunnin'  
Mass deception  
Altered our perception  
Sold it to the children  
Made a new connection

I know that you're tired of this  
Cause you're a robot  
They designed your life  
But true souls said you know what's right  
And you can join us on the other side
