My Style by Jair Dynast

© 2008 eMultimedia Group, Inc.

### Hook

Check, check, check my style  
Check, check, check my style  
Check, check, check, check my style  
Check, check, check my style

### Verse 1

I'm independent n' I got that swagger  
You're irrelevant, you get that dagger  
Smith N' Wesson yeah I make bangers  
For what you sellin' we should hang yah  
Supra's on my feet hat on real low  
Or I got them J's strictly retro  
Rock a fade waves, hell yeah yah dunno  
Spinning like the second hand on my Movado  
Military flow I got them cannons  
My style's grand they call me Canyon  
Intelligent, n' you can't stand 'em  
A Hulk like Hogan watch me slam 'em  
WeONit yeah we rock that  
Everybody's on it you should cop that  
Streetwear addition yeah we got that  
Our style's ill so who would stop that

### Hook (2x)

Check, check, check my style  
Check, check, check my style  
Check, check, check, check my style  
Check, check, check my style

### Verse 2

Impeccable flow, perfect timing  
Jealous of the kid n' the way he's rhymin'  
Knowledge still penetrates through your mind n'  
Kevlar vest, bullet proof lining  
Our streetwear, yeah that's priceless  
You're still rockin' conflict ices  
Your wardrobe is in a major crisis  
Like the third world while I write this

Here half livin' dead below poverty  
N' that's real, real life not a novelty  
Shop indie brands for style n' the quality  
Create jobs n' fix our economy  
Do it faster than a Usain Bolt  
You can download n' memorize my quotes  
HTML I'm online key strokes  
My style's ill Asthmatics choke

Hook (2x)  
Check, check, check my style  
Check, check, check my style  
Check, check, check, check my style  
Check, check, check my style

Haha, whoever said the indie scene ain't got no  
swagger  
Must have lost their minds.  
This Jair Dynast and we like to call this Vanguard Hip  
Hop  
Crazy beats, crazy flows, knowledge, swagger and all  
that combined

Hook (2x)  
Check, check, check my style  
Check, check, check my style  
Check, check, check, check my style  
Check, check, check my style
