[Verse 1]

I constantly victimize you victims cuz that's all you are
to me
I'm the epitome of victory cataracts I make you blind to
see
The injustice done to those forced to live in this type of
meager poverty
Cuz of the color of they skin, they culture or is it just
they ethnicity
Yes, we claim to be a democracy livin' in this free North
American country
But society keeps tellin' me that these muthfuckas bin
trying to lying to me
Constantly inundated with images n' visions of violence
n' criminal activity
You'd think the news we watch was just another Quentin
Tarantino movie

[Chorus]

That's Us, Them niggaz on the block sell rock them
guns
They Bus, Sixteen shots n' who we killin'
Just's Us, My niggaz can't stop til they we drop in the
dust
We Must, Get this money is how we feelin we Must

[Verse 2]

By any means necessary sell it to pregnant crack head
Kerri
I mean it ain't your fault her baby's gonna be losing like
democrat John Kerri
N' it's shit like this that upsets my stomach like drinking
that past due dairy
It's crazy niggaz movin' more weight than Anna Nicole
Smith sometimes carries
I know we just victims, product to this n' it's damn hard
to be leery
Animal instinct nigga yah gotta hustle just to survive n'
that we're doin barely
Fuck that other road traveled cuz uncertainty has got to
be scary
So you stick to what we was taught works even though

we know the results always vary

[Chorus]

[Verse 3]

I guess you can call this a movement the revolution
code named Jair

Middle name Fidel like Castro standin' for my niggaz
amidst poverty n' despair

They say hind site is 20/20 but my foresight is just as
clear

They gonna be sayin' (voice change)"Why so heavy
with the topics?

That ain't shit people wanna hear!"

That's Ludicris I'm a make y'all "Move Bitch", to a
different drummer this year

While I'm screaming for recognition my mission is to
cause utter mayhem up in here

When you listen to Jair it's like you seeing Revelations
as if you was actually there

I'm perfect in my imperfections lets make that clear
ain't nobody fuckin wit Jair

[Outtro]

Gotta get this money anyway we know how

No matter who we affect or who we kill even if it's us.

Does that make sense?

[Laughs]
