[Verse 1]

I'm on, got the song, got the groove, ready to move
Enjoy the lights, so bright
Carry the bass up in here right
Yeah, we do it all night
Sit tight, just let the music be your flight
(Don't leave the sky alone... Let it take you home)

[Pre-chorus]

If you're about letting go
High hopes for you
Take it down low... Oh, oh
If you're about romance
More power to you, everybody say ooh
Ooh... Ooh...

[Chorus]

Out of this space of a life you live
Seems every second is gonna give
But you can't control it, hold it, support it all
Let me fall... Coast 2 coast, coast 2 coast
Let us go... Coast 2 coast, coast 2 coast
Ooh, coast 2 coast

[Verse 2]

Got the life, ready to use all I know
(It's a take over) you know the deal
Embrace what you feel, never leave a part of me
Ok, what do you say? Go all the way? Call it a day?
(Don't leave the sky alone, let it take you home)

[Pre-chorus]

If you're about letting go
High hopes for you
Take it down low... Oh, oh
If you're about romance
More power to you, everybody say ooh
Ooh... Ooh...

[Chorus]

Out of this space of a life you live

Seems every second is gonna give
But you can't control it, hold it, support it all
Let me fall... Coast 2 coast, coast 2 coast
Let us go... Coast 2 coast, coast 2 coast
Ooh, coast 2 coast

[Bridge]

Said, I just might get away
But I don't to avoid, what we got to say
Said, I just might hold the view
So I never will reduce
What it is that I will do

[Chorus]

Out of this space of a life you live
Seems every second is gonna give
But you can't control it, hold it, support it all
Let me fall... Coast 2 coast, coast 2 coast
Let us go... Coast 2 coast, coast 2 coast
Ooh, coast 2 coast
